

# ESGF publication request via DKRZ

Revision	Authors	Audience
Feb-2019	DKRZ Datamanagement	Users providing data for ESGF publication

## Please provide the following information concerning your ESGF publication request:

Project name - and associated DKRZ project acronym:

---

Responsible contact persons:

---

User support contact persons:

---

DKRZ Lustre entry-paths to the file collections to be published in ESGF:

---

Data reference syntax (DRS) of the data collection: *e.g.*

*root/mip\_era/activity\_drs/institution\_id/source\_id/experiment\_id/member\_id/table\_id/variable\_id/grid\_label/version*

---

Filename formats of the data collection: *e.g.*

*variable\_id\_table\_id\_source\_id\_experiment\_id\_member\_id\_grid\_label[\_period\_start-period\_end].nc*

---

Duration of accessibility in ESGF (requires guaranteed storage space on disk):

---

Long-term archival requested (*yes/no; if yes: 1) should the archived data be accessible via ESGF as well?, 2) refer to DKRZ's long-term archival documentation ([Link](#)) for information regarding the process*):

---

Data access policy: *please describe or select among the data usage licences offered by Creative Commons: <https://creativecommons.org/share-your-work/>*

---

## **With the submission of this request the data provider agrees to her/his responsibilities:**

- No ad hoc changes to the data collections in above paths
- For all data in above paths it is ensured that
  - data is world readable
  - only persons knowing about their responsibilities have write access to the data
- All data changes need to follow a clear procedure, to keep data and ESGF published data consistent over time:
  - Announce change requirement to DKRZ (rt ticket 38223) with specification of sub-collection to be replaced / added
  - Wait for DKRZ acknowledgement (rt ticket)
  - Change data
  - Announce changes and reason for change to DKRZ (rt ticket)
- The data provider gives his/her consent to having his/her contact details openly published on the ESGF webpages to enable user support
